Any Comptroller General who becomes permanently disabled from performing his duties shall be retired and shall receive an annuity during the remainder of his life equal to the salary payable for his office at the time of retirement if he has served at least ten years therein or equal to one-half of such salary if he has served less than ten years. The annuities provided for herein shall be paid by the General Accounting Office. There shall be deducted from the salary of any person appointed to the Office of the Comptroller General after October 25, 1978, as a contribution to the annuity authorized by this paragraph (1) a sum equal to 3½ per centum of his salary, in the case of a Comptroller General who has elected survivor benefits under section 43b of this title, or (2) a sum equal to 8 per centum of his salary, in the case of a Comptroller General who has not elected such survivor benefits. No person receiving benefits under this chapter and sections 71, 471, 581, and 581a of this title shall receive any other retirement benefits under any other law of the United States.

Any Comptroller General making such an election under this paragraph shall be entitled to a refund of the lump-sum credit to his account in the Civil Service retirement and disability fund, but shall receive no benefits under subchapter III of chapter 83 of title 5. Any person who is appointed to the Office of Comptroller General after October 25, 1978, and who makes such an election under this paragraph shall deposit with the General Accounting Office for covering into the general fund of the Treasury as miscellaneous receipts as a contribution to the annuity authorized under the preceding paragraph (1) a sum equal to 3½ per centum, in the case of a Comptroller General who has elected survivor benefits under section 43b of this title, or (2) 8 per centum, in the case of a Comptroller General who has not elected such benefits, of the salary received by him as Comptroller General prior to the date current deductions begin from his salary, plus interest thereon at the rate of 3 per centum per annum compounded on December 31 of each year.

Any Comptroller General who is separated from office prior to becoming eligible to receive an annuity under the second paragraph shall be entitled to a lump-sum refund of the total amount deducted from his salary in accordance with the provisions of such paragraph or deposited by him as a contribution to his annuity in accordance with the provisions of the preceding paragraph, plus interest thereon at the rate of 3 per centum per annum compounded on December 31 of each year. The lump-sum refund authorized by this paragraph shall be paid to the Comptroller General or to his survivors in the order of precedence of such survivors established in section 43b(j) of this title for survivor benefits.

(2) After the Congress has expressed its opinion pursuant to paragraph (1) as to the year in which the goals for reducing unemployment set forth in section 4(b) of the Employment Act of 1946, as amended [15 U.S.C. 1022a(b)] can be achieved, if, pursuant to section 4(e) of such Act [15 U.S.C. 1022a(e)], the President recommends in the Economic Report that such goals be achieved in a year which is different from the year in which the Congress has expressed its opinion that such goals should be achieved, either in its action pursuant to paragraph (1) or its most recent action pursuant to this paragraph, the first concurrent resolution on the budget for the fiscal year beginning after the date on which such Economic Report is received by the Congress may set forth the year in which, in the opinion of the Congress, such goals can be achieved.

[See main edition for text of (1)]

(2) General debate on any concurrent resolution on the budget in the House of Representatives shall be limited to not more than 10 hours, which shall be divided equally between the majority and minority parties, plus such additional hours of debate as are consumed pursuant to paragraph (3). A motion further to limit debate is not debatable. A motion to recommit the concurrent resolution is not in order, and it is not in order to move to reconsider the vote by which the concurrent resolution is agreed to or disagreed to.

(3) Following the presentation of opening statements on the first concurrent resolution on the budget for a fiscal year by the chairman and ranking minority member of the Committee on the Budget of the House, there shall be a period of up to four hours for debate on economic goals and policies.

(4) Only if a concurrent resolution on the budget reported by the Committee on the Budget of the House sets forth the economic goals (as described in sections 1022(a)(2) and 1022a(b) of title 15) which the estimates, amounts, and levels (as described in section 1322(a) of this title) set forth in such resolution are designed to achieve, shall it be in order to offer to such resolution an amendment relating to such goals, and such amendment shall be in order only if it also purposes to alter such estimates, amounts, and levels in germane fashion in order to be consistent with the goals proposed in such amendment.

(5) Consideration of any concurrent resolution on the budget by the House of Representatives shall be in the Committee of the Whole, and the resolution shall be read for amendment under the five-minute rule in accordance with the applicable provisions of rule XXIII of the Rules of the House of Representatives. After the Committee rises and reports the resolution back to the House, the previous question shall be considered as ordered on the resolution and any amendments thereto to final passage without intervening motion; except that it shall be in order at any time prior to final passage (notwithstanding any other rule or provision of law) to adopt an amendment (or a series of amendments) changing any figure or figures in the resolution as so reported to the extent necessary to achieve mathematical consistency.

(6) Debate in the House of Representatives on the conference report or any concurrent resolution on the budget shall be limited to not more than 5 hours, which shall be divided equally between the majority and minority parties. A motion to recommit the conference report is not in order, and it is not in order to move to reconsider the vote by which the conference report is agreed to or disagreed to.

(5) A motion to further limit debate is not debatable. A motion to recommit (except a motion to recommit with instructions to report back within a specified number of days, not to exceed 3, not counting any day on which the Senate is not in session) is not in order. Debate on any such motion to recommit shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution.

(6) Notwithstanding any other rule, an amendment, or series of amendments, to a concurrent resolution on the budget proposed in the Senate shall always be in order if such amendment or series of amendments proposes to change any figure or figures then contained in such concurrent resolution so as to make such concurrent resolution mathematically consistent or so as to maintain such consistency.

(b) Each such loan shall mature not later than the last day of the city's fiscal year in which it was made, and shall bear interest at an annual rate 1 per centum per annum greater than the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the maturities of such loan, as determined by the Secretary at the time of the loan.

(Pub. L. 95-339, title I, § 101, Aug. 8, 1978, 92 Stat. 460.)

SHORT TITLE

Section 1 of Pub. L. 95-339 provided that: "This Act [enacting this subchapter and section 2285a of Title 12, Banks and Banking, amending section 103 of Title 26, Internal Revenue Code, and enacting provisions set out as a note under section 103 of Title 26] may be cited as the 'New York City Loan Guarantee Act of 1978'."

§ 1522. Guarantee authority

(a) Written request of city and Governor to Secretary required; discretionary authority of Secretary; duration of guarantee

Upon the written request of the city and the Governor of the State, the Secretary may guarantee the payment, in whole or in part, of interest, principal, or both, of city indebtedness in accordance with this subchapter, but any such guarantee shall cease to be effective not later than fifteen years after the date of the issuance of the city indebtedness involved.

(b) Type of indebtedness subject to guarantee; termination of guarantee

A guarantee under this subchapter is effective only with respect to city indebtedness which is issued or is to be issued to employee pension funds of the city or of the State, or of any agency of the city or of the State, and shall terminate whenever such indebtedness is sold or otherwise disposed of by such a fund (other than to a successor in interest not involving a change in beneficial ownership).

(c) Assessment, collection, and computation of guarantee fee; payment into Treasury; escalation of fee

Whenever the payment of principal and interest on city indebtedness is guaranteed under this subchapter, the Secretary shall assess and collect from the issuer, no less frequently than annually, a guarantee fee computed daily at a rate of no less than one-half of 1 per centum per annum on the outstanding principal amount of city indebtedness guaranteed hereunder. All funds received by the Secretary in payment of such fees shall be paid into the general fund of the Treasury. The Secretary may periodically escalate the guarantee fee to induce the obligor to enter the public credit markets.

(Pub. L. 95-339, title I, § 102, Aug. 8, 1978, 92 Stat. 460.)

§ 1523. Conditions of eligibility

The Secretary may make guarantees under this subchapter only if—

(1) there is a reasonable prospect of repayment of the city indebtedness to be guaranteed in accordance with its terms and conditions;

(2) the Secretary determines that the city is effectively unable to obtain credit in the public credit markets or elsewhere in amounts and terms sufficient to meet the city's financing needs;

(3) the interest rate on such city indebtedness is reasonable, taking into consideration current average market yields for other obligations guaranteed by the United States;

(4) during the four-year period ending June 30, 1982, the long-term and seasonal borrowing needs of the city (other than borrowing assisted or to be assisted under this subchapter) will be met through commitments from the State, an agency of the State, private sources, or through public credit markets, in amounts which will be sufficient to enable the city, when the guarantee authority conferred by this subchapter has terminated, to meet all of its long-term and seasonal borrowing needs through the public credit markets, and for the purpose of making such determination, the Secretary may assume that all other conditions under this section are and will be fulfilled;

(5)(A) the independent fiscal monitor is requiring the city to adopt and adhere to budgets covering all expenditures other than capital items, the results of which would not, for fiscal years of the city beginning after June 30, 1981, show a deficit when reported in accordance with generally accepted accounting principles and, for fiscal years of the city beginning on or prior thereto but after June 30, 1978, to make substantial progress toward that goal, and, for each fiscal year of the city beginning prior to June 30, 1981, but after June 30, 1978, is requiring the city to adopt and adhere to budgets covering all expenditures other than capital items, the results of which would not show a deficit when reported in accordance with accounting principles established under State law;

(B) the city has submitted to the Secretary, with the approval of the independent fiscal monitor, in such detail and in accordance with such accounting principles as the Secretary may prescribe, a plan for bringing all of its expenditures other than capital items into balance with its revenues for each of the first three full fiscal years of the city beginning after June 30, 1978, and the city agrees to publish, after the completion of each fiscal year covered by the plan, an analysis reconciling its actual revenues and expenditures with projected revenues and expenditures, and to publish periodic projections which reflect the impact of the plan on tax rates; and

(C) the city submits, with the approval of the independent fiscal monitor, in such detail as the Secretary may prescribe and in accordance with generally accepted accounting principles, a plan for bringing all of its expenditures other than capital items into balance with its revenues no later than the final fiscal year of the four year period which begins with the fiscal year beginning July 1, 1978, and the city is required, on or before the first day of each fiscal year thereafter during which city indebtedness guaranteed under this subchapter is outstanding, to have prepared and submit a plan covering the four year period beginning with such fiscal year which will result in budgets which would not show a deficit when reported in accordance with accounting principles set forth in subparagraph (A);

(6) the independent fiscal monitor demonstrates to the satisfaction of the Secretary that it has the authority to control the fiscal affairs of the city for the entire period during which assistance under this subchapter will be outstanding;

(7) the city has agreed—

(A) to obtain and submit to the Secretary, as soon as practicable after the close of each fiscal year of the city during which the Secretary may make guarantees under this subchapter or during which any city indebtedness guaranteed hereunder is outstanding, an opinion of independent public accountants setting forth the results of an audit by such accountants of the financial statements of the city for such fiscal year, which opinion shall describe any deviation in the preparation of such financial statements from generally accepted accounting principles applicable to governmental bodies and shall state that the audit of such financial statements was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary under the circumstances; and

(B) to establish an audit committee which shall assist in the determination of areas of inquiry for, review the progress of, and evaluate the results of, audits to be conducted by such independent public accountants, and which shall consist of the mayor of the city, the comptroller of the city, the president of the city council, two individuals with expertise in municipal finance, and two officers or employees of two different firms of independent public accountants which are not engaged either by the city or by the comptroller of the city, such individuals and such officers or employees of such firms to be selected by the independent fiscal monitor;

(8)(A) in the case of guarantees issued after June 30, 1979, the State has furnished to the Secretary satisfactory assurances that the amount of financial assistance to be provided by the State to the city during the fiscal year in which such guarantee is to be issued will not be less than the amount of such assistance which was provided during the fiscal year ending June 30, 1979, except during any fiscal year for which the city has presented a budget which the Secretary has determined is balanced in accordance with generally accepted accounting principles; and

(B) the State or an agency of the State, subject to and in accordance with applicable State law, when any guarantee hereunder is made by the Secretary, shall deposit in a fund approved by the Secretary, an amount which, together with all amounts previously so deposited in such fund, shall equal not less than 5 per centum of the principal of and of one year's interest on the then outstanding city indebtedness then guaranteed under this subchapter, and which shall, under the direction of the Secretary, be used to pay, or to reimburse the Treasury for paying, principal and interest which the city fails to pay, the payment of which is guaranteed under this subchapter, but in no case will the fund be used

to pay or reimburse an amount in excess of 5 per centum of the principal amount of and of one year's interest on all guaranteed city indebtedness outstanding on the date of the failure;

(9) the city has agreed, in addition to other efforts undertaken by the city to increase employee productivity, to establish a productivity council (A) which shall consist of representatives of the city government and of city employee unions, (B) which shall develop and seek to implement methods for enhancing the productivity of the city's labor force, and (C) which shall have a representative of the independent fiscal monitor as an observer, and the independent fiscal monitor shall review and report, not less than annually, on the development and implementation of such methods, such report to be published and made available to the public, and transmitted to the Secretary;

(10) the city has agreed to offer to sell for distribution to the public its short-term notes in fiscal years 1980, 1981, and 1982 and its long-term bonds in fiscal years 1981 and 1982, unless the Secretary determines that any such offer would be inconsistent with the financial interests of the city;

(11) the city has agreed that—

(A) following the fiscal year ending June 30, 1982, and during any fiscal year thereafter in which a guarantee under this subchapter is outstanding, the city will pay or provide for the payment of city indebtedness than guaranteed hereunder, giving priority to city indebtedness having the longest maturity or maturities, in a principal amount not less than 15 per centum of the net proceeds of city indebtedness issued in public credit markets during such year, except that the Secretary may modify or waive such 15 per centum requirement to the extent he determines that its application (i) would substantially impair the city's ability to meet its essential capital needs, or (ii) would substantially overburden the market for long-term city indebtedness; and

(B) as soon as practicable after the Secretary determines that the city has demonstrated its ability to meet its long-term credit needs through public credit markets, the city will implement a program satisfactory to the Secretary of refunding any outstanding city indebtedness guaranteed under this subchapter for the purpose of achieving complete repayment of such indebtedness at the earliest practicable date, taking into consideration such factors as the Secretary deems appropriate, including the effect of such refunding on the city's need to maintain the city's continued access to public credit markets for its long-term credit needs; and

(12) the city and the State are meeting their respective obligations under this section.

Any determination by the Secretary that the conditions set forth in this section have been met shall be conclusive, such determination to be evidenced by the making of such guarantee, and the validity of any guarantee so made shall be incontestable in the hands of the holder of such city indebtedness, except for fraud or material misrepresentation on the part of such holder. The Secretary is authorized to determine the manner in which such guarantees will be issued and, in addition to the terms and conditions required by this section, to require from, or agree to with, the city, a financing agent, the holders of the city indebtedness guaranteed, and any other party in interest such other terms and conditions as he may deem appropriate, including provision of security for the repayment of amounts paid pursuant to any guarantee under this subchapter. Any such other term or condition may be modified, amended, or waived in the discretion of the Secretary.
